They all must take and pass both of these examinations with a minimum of 75% in order to graduate. All students are required to remain enrolled in the theory classes until they graduate, even if they have successfully passed both final examinations.

BITTERROOT SCHOOL OF COSMETOLOGY SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows: Cosmetology 450, 900, 1200, 1500 clocked (actual) hours Manicuring 200, 400 clocked (actual) hours

Teacher Training 325, 650 clocked (actual) hours

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 75% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress.

Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 75% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed. **MAXIMUM TIME FRAME**

The maximum time (which does not exceed 133% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE HOURS	MAXIMUM TIME ALLOWED	SCHEDULED
Cosmetology (Full time, 34 hrs/wk) – 1500Hours	58.7 Weeks	1995
Manicuring (Full time, 34 hrs/wk) – 400	15.6 Weeks	532
Teacher Training (Full time, 34 hrs/wk) 650	25.4 Weeks	864.5

The institution operates all programs according to a schedule of 900 hours per academic year of instruction.

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 75% of the scheduled contracted hours.

Students who can not complete the course within the maximum time frame will be withdraw

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Numerical grades are considered according to the following scale:

92 - 100 EXCELLENT

82 - 91 VERY GOOD

75 - 81 SATISFACTORY

74 and BELOW UNSATISFACTORY

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress 20 Determination at the time of each of the evaluations. Students deemed not maintaining 19 Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, the student will be withdrawn.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted

Return of Unearned Title IV Funds

In the event a student withdraws or is terminated from the program, the following policy applies to the treatment of Title IV Aid.

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered and that the school participates in are: Federal Pell Grants, Direct Student Loans (Stafford Loans), and Plus Loans.

When you withdraw during your payment period or period of enrollment (your school can define these for you and tell you which one applies) the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and /or you.

The amount of assistance that you have earned is determined on a prorata basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed 60% of the payment period or period of enrollment, you earn all of the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a Post-withdrawal disbursement. If your post withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your Post-withdrawal disbursement of grant funds for tuition and fees (as contracted with the school). The school needs your permission to use the Post-withdrawal grant disbursement for all other school charges. If you do not give your permission (some school ask for this when you enroll), you will be offered the funds. However it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any FFEL or Direct loan funds that you would have received had you remained enrolled past the 30th day.

If you receive (or your school or parent receives on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of:

1. Your institutional charges multiplied by the unearned percentage of your funds, or
2. The entire amount of excess funds.

The school must return this amount even if it didn't keep this amount of your Title IV program funds.

If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a plus loan) repay in accordance with the terms of the promissory note. That is you make scheduled payments to the holder of the loan over a period of time.

Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds that you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirements for the Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV funds that the school was required to return. If you don't already know what your school's refund policy is, you can ask your school for a copy. Your school can also provide you with the requirements and procedures for officially withdrawing from school.

If you have questions about your Title IV aid program funds, you can call the Federal Student Aid Information Center at 1-800-4-fedaid (1-800433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the web at www.studentaid.ed.gov.

Internal School Complaint Procedure

This procedure provides an avenue and directions for students, employees, and other interested parties to officially file a complaint against the school.

The complaint must be submitted to the school Director in writing, dated, and state the nature of the complaint.

All complaints will be discussed and evaluated by the complainant and Director within 10 calendar days of receipt. The minutes of the meeting will be recorded in writing and a copy will be given to the complainant.

If the complaint cannot be resolved to the satisfaction of the complainant it will be forwarded to the School Complaint Committee. The School Complaint Committee will be comprised of a school owner, the Director, an Instructor, and a senior student. The Complaint Committee will meet within 21 calendar days of the receipt of the complaint.

The Complaint Committee will examine the minutes from the initial meeting, and any additional information or evidence that has been submitted in writing. The Complaint Committees will offer a decision on the allegations within 15 calendar days of this meeting.

If the complaint is determined to be valid the Committee will document in writing the steps taken by the school to correct the problem. If the complaint is determined to be unwarranted the Committee will document in writing their findings as to why the allegations were not warranted and a copy will be issued to the complainant.

If after receiving the Committees findings the complainant is not satisfied, they will be advised to contact either the Montana State Board of Cosmetology or the National Accrediting Commission of Career Arts and Sciences and obtain the correct Complaint Form from that agency. Contact information for these agencies is on page 15 of this manual.

This last resort should not be exercised until all in school procedures for resolving the complaint are exhausted.

The school will maintain written records of all proceedings in the complainants student file and in a separate file for a minimum of 3 years.

Counseling Procedures

Counseling sessions will be used to discuss satisfactory progress with the student in the following areas. Attendance, theory classes, practical work, past assignments, attitude, professionalism, and student concerns.

These counseling sessions are for the benefit of the students. Input and comments from the students are appreciated but are on a voluntary basis only. These monthly sessions are used to track the progress of the student and any concerns they may have regarding their education at the school.

Alcohol and Drug Abuse Policy

The Department of Education requires a school to certify that it has adopted and implemented a program to prevent drug and alcohol abuse by its students, employees, and officers. In accordance with the “Drug Free Workplace Act”, the school authorities hereby firmly announce actions the school will initiate against a student, officer, or faculty member who violates these prohibitions.

Any student that is convicted for any offense, during a period of enrollment for which the student was receiving Title IV HEA program funds, under any federal or state law involving the possession or sale of illegal drugs will result in the loss of eligibility for any Title IV, HEA grant or loan.

A. Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of drugs and alcohol by students and employees on school property, or as a part of the school’s activities.

B. The unlawful possession and use of drugs or alcohol is wrong and harmful.

C. Disciplinary sanctions consistent with local, state, and federal law, up to and including expulsion/termination and or referral for prosecution, will be imposed on students, employees, and officers of the school who violate the standard of conduct as described by the above sanctions.

D. Information relating to any drug and alcoholic counseling and rehabilitation that are available in our local community include:

Alcohol and Drug Abuse; 214 Pinckney St., Hamilton, MT 406-363-3060

Alcoholic Anonymous Referral and Addiction- 24 hour hotline 800-262-4944

The school authorities encourage staff members and students to report any infractions relating to drug and alcohol abuse displayed by anyone in the school. Furthermore, as a condition of employment, employees will notify the school of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction. The seriousness of a “Drug Free Work Place” cannot be overly emphasized. Let us continue to work together harmoniously in a “Drug Free Work Place”, making our ownership, employment, and student training respectable in our profession and community.

A copy of this “Drug Free Work Place” statement will be given to each staff member, employee, and student during their initial employment interview and or student enrollment indoctrination. A signed certificate/statement will be completed by the respective recipient that he/she received a copy of this policy and is thoroughly familiar with its contents. The certificate/statement will be filed in their respective files.

Appeal Procedures For Policy Violations

Students who are terminated for non-conformance to school policy and procedures may appeal the termination. The student must submit a written appeal to the school authorities, along with supporting documentation and reasons why the termination should be reversed, and a request for a re-evaluation based on the evidence submitted. The appeal must be received by the school within (5) school days of the termination. Should a student fail to appeal within the allotted time the decision to terminate is final.

An appeal hearing will take place within (5) days of receipt of the written appeal. This appeal will be attended by the student, parents/guardian (if the student is a dependent minor), the students Instructor and the director of training. A decision on the student’s appeal will be determined within (3) school days by the School authorities and will be communicated to the student in writing.

Should a student receive favorable results upon his/her appeal and the School is assured the violations of its policy and procedures would not continue the student will be automatically re-entered in the course.

Graduation Requirements

The school will grant a diploma of graduation for the applicable course when the student has successfully completed all phases of study, required tests, practical assignments; passed a final comprehensive written and practical examination with a minimum grade of 75%; completed the program of study according to State requirements; completed all exit paperwork; attended an exit interview and satisfied all debts owed to the school.

Employment Assistance

The School does not guarantee employment to its students; however, the School will assist students in seeking employment. The School’s placement assistance procedure does include; identifying employment opportunities and advising students on appropriate means of realizing these opportunities. See Gainful Employment Statistics on our website, bitterrootsofcosmetology.com.
